7	63	77
8	72	88
9	81	100
10	90	100
11 through 20	100	100

The Russ College of Engineering has established a college-wide technology fee in order to keep its technology infrastructure at the level that high quality engineering programs must provide their students. This fee is consistent with the other engineering colleges in Ohio. Russ College began charging this fee in the fall of 2000.

Part-time students in the Russ College of Engineering will be assessed a pro-rated fee at a rate of \$9 per hour for undergraduates and \$11 per hour for graduates.
