7	42	42
8	48	48
9	54	60
10	60	60
11 through 20	60	60

The College of Business has established a college-wide technology fee in order to keep its technology infrastructure at the level that high quality business programs must provide their students. This fee is consistent with the other business colleges in Ohio. The College of Business will begin charging this fee in the fall of 2001.

Part-time students in the College of Business will be assessed a pro-rated fee at a rate of \$6 per hour.
